Product Features

Automatic Lock

Closing the door will automatically trigger the 3 lock bolts. So the door is always locked, you will never have to worry about it anymore.

Dot-Matrix Screen

A large dot-matrix screen allow you to easily and clearly manage the lock functions.

User Management

Every fingerprint is identified by a real name making them convenient to track, manage and delete through the lock screen.

Safe & Convenient

Long Lasting Batteries

Due to its mechanical function as a lock, it doesn't consume much power, thus prolonging battery life. Up to 8 batteries can be installed, hence effectively powering the lock for more than 12 months.

Standalone Product

Batteries powered, the lock doesn't need any external power source. User management is performed within the lock too, like a simple mobile phone.

Weather Resistant

Resist the effects of weather as rain ($\leq 90\%RH$), cold and heat ($-25^{\circ}C$ to $+55^{\circ}C$).

Lock Body	Front Panel Dimension	H303 x L69 x W30
	Back Panel Dimension	H303 x L69 x W25
	Body Material	Zinc Alloy
	Colors Available	Silver, Pearl, Gold Red, Black
