Product Features

Automatic Lock

Closing the door will automatically trigger the 3 lock bolts. So the door is always locked, you will never have to worry about it anymore.

Slide Panel

The screen and keypad are hidden behind a sliding panel. Your lock aesthetic looks fantastic and components are more protected.

Dot-Matrix Screen

A large dot-matrix screen allow you to easily and clearly manage the lock functions.

Safe & Convenient

Long Lasting Batteries

Due to its mechanical function as a lock, it doesn't consume much power, thus prolonging battery life. Up to 8 batteries can be installed, hence effectively powering the lock for more than 12 months.

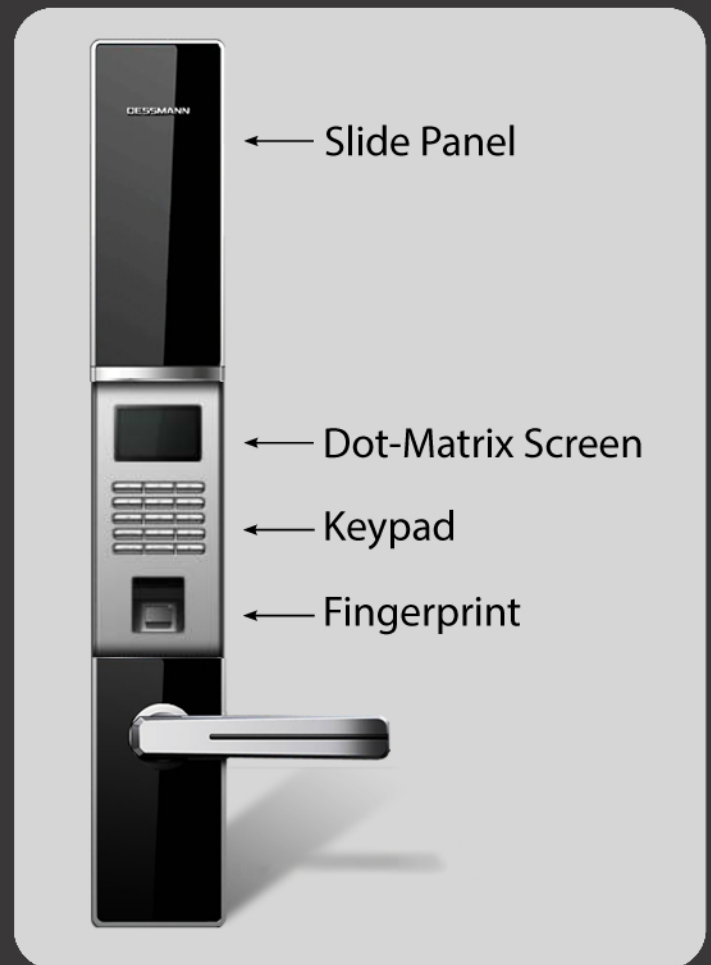

User Management

Every fingerprint is identified by a real name making them convenient to track, manage and delete through the lock screen.

Weather Resistant

Resist the effects of weather as rain ($\leq 90\%RH$), cold and heat ($-25^{\circ}C$ to $+55^{\circ}C$).

Lock Body	Front Panel Dimension	H323 x L70 x W34
	Back Panel Dimension	H323 x L70 x W34
	Body Material	Zinc Alloy
	Front Panel Skin	Top-grain leather
	Power Supply	2 Sets of 4 AA Batteries
